## Intensive Danish Language Summer Course at DTU

- Do you want to spend 2 or 3 weeks learning Danish in August?
- Would you like to meet and spend time with other international students, employees and spouses at DTU?

Then sign up for our intensive Danish summer course for beginners and advanced students (module 1, 2 or 3) at DTU campus. You will be able to complete module 1 or 2 or half of module 3.

The summer course will prepare you for your future life, study and career in Denmark. Even though Danes in general speak English, we can promise you, that your life in Denmark will be much more rewarding, if you acquire Danish language skills.

The course is part of the official Danish Education System and is concluded with a module test (except first part of module 3). If you want to, you can continue the module or the next module from September at DTU or one of our departments in greater Copenhagen or Helsingør.

In addition to teaching you Danish, we will also invite you to social events and weekly sightseeing tours during the course period.

We look forward to receiving your enrolment no later than **18 July 2022**

*“The Module 1 Danish Summer Course was a great experience, where a new DTU student can not only have a real first contact with Danish language and culture, but also make a “family” with the other newly arrived students from all around the globe. I highly recommend to take part in this summer course, if you plan to study in Denmark, since the learning objectives are covered satisfactorily in a distended and enjoyable course, and the atmosphere will make you forget you are abroad.”*

*Carlos Gonzalez, Spain*
